Crescent City News

Personal and Social.

Mr. and Mrs. Chas. H. Webster of Northfield, Mass., are guests at Grove Hall.

The steamer Crescent is still carrying out a large number of oranges from this point and they are good ones, too.

Mr. and Mrs. Gowen of Attleboro, Mass., are the guests of Mr. and Mrs. C. A. Gowen.

The St. Valentine Day entertainment announced for V. I. A. Hall last Monday night was called off for obvious reasons.

W. S. Newbold spent Monday in Palatka. Mr. Newbold says he has a fine lot of oranges of the Hart's Late variety which he expects to ship the coming month.

Mr. and Mrs. John L. Mason and Mr. and Mrs. Lee E. Cole of Davenport, Iowa, arrived on Tuesday and will be the guests for some time of Mr. and Mrs. B. F. Tillinghast.

Mrs. Bunker of Springfield, Mass., who has spent several seasons here, and is well remembered as a talented elocutionist, expects to arrive about the first of March for a stay of some weeks.

The new Borsen house on Prospect street is now well advanced. It will be one of the prettiest homes in town. The house is to be occupied by Mr. C. T. King, cashier of the Bank of Crescent City.

Phillips Cash, who has been very seriously ill with pneumonia, is now well on the way to recovery. He was a very sick young man for two weeks, but skilled treatment and careful nursing coupled with a strong constitution helped him through.

Samuel E. Neal's new house on Summit street, a little south of the Methodist church, is now nearly completed. It is a neat two-story structure and will make a pleasant home for some one. It is in the growing part of the town and on the highest point of land.

Dr. and Mrs. W. A. Brewster of Hastings, who formerly resided here, are the proud parents of twins—a boy and a girl—born at 8:30 A. M. on St. Valentine's day, last Monday. A card from Dr. Brewster says that "mother and babies are doing fine."

The Ladies Aid Society of the Presbyterian church are making arrangements to give a supper and candy sale in V. I. A. Hall on the evening of Wednesday the 23d inst. to which all are invited. This society pledges \$100 each year for the pastor's support and it is to assist in raising this subscription that the supper will be held.

Mr. and Mrs. A. W. Margerum, Miss Margerum and Miss E. G. Corliss of Philadelphia arrived on Thursday last week and will spend some time at Grove Hall. Mr. Margerum has owned grove property in Crescent City for many years, but has been only an infrequent visitor. His old friends are glad to see him again.

Judge J. L. Burton has been quite ill for the past ten days, much of which time he has been confined to the bed. For several days he suffered great pain, but at last reports he was better. His friends hope it is no more than a severe case of grippe and that he is now on the road to permanent recovery.

Miss Cleo Pitts, pianist, assisted by Mr. Warner, violinist, and Mr. Pipe, vocalist, will give a musical at V. I. A. hall next Monday evening at 8 o'clock. Mr. Warner, the violinist, is from St. Johns Park. All are accomplished artists and a most enjoyable evening is assured all who attend.

Rev. Mr. Jones, who has been holding an interesting and profitable series of revival meetings at the Baptist church for some ten days or more, brought the meeting to a close on Wednesday. He is a forceful and eloquent preacher and the attendance at the daily services was large. No doubt great good will result from the meetings.

The orange trees in the post office block as well as those on the opposite side of the street, and on which whitties were seen last season, were all sprayed last week through the generosity of Mr. E. H. Williams, who got the consent of the owners and who used his own employees and spraying apparatus to do the work. All citizens in this section have consented to cut down the umbrella trees, the known breeding place of this pest.

Rev. E. P. Butler of the Presbyterian church is anxious to build a small chapel for the primary department of the Sunday school, meetings of the Christian Endeavor and for social meetings of the church and expects to make an active campaign for the funds necessary to carry out his plans. At present the Society of Christian Endeavor meets in the Auditorium, and Pastor Butler feels that this ought not to be, but for the sake of the children and young people this building should be provided. Such a chapel as is contemplated by Mr. Butler would not cost much, if any, over \$500 or \$600, a large part of which should be secured now. The News believes the members of the Presbyterian church and the citizens generally will rally to the support of the good pastor in this effort of his to better provide for the church's work among the young people and children.

The Glenwood Murder.

Rumors of the outrage and murder of a young white girl in the northern part of Volusia county were rife on the streets Sunday night and Monday. This horrible murder is an awful fact. The circumstances are as follows:

The horribly mutilated body of Miss Cleavey Tedder was found lying in some broom grass about 50 feet from the road at Glenwood about dark last Saturday night.

The murdered girl is the 14-year-old daughter of Perry Tedder, who lives on the principal street of Glenwood and who met her untimely death about 5 o'clock Saturday afternoon. Accompanied by another young girl she went to the postoffice about 4:30 o'clock, and was riding a bicycle. When she did not return about dark her parents made inquiries regarding her and were informed by a well-known negro that a bicycle was lying near the road about 200 yards from the house. A search was made and the wheel was found and signs of a struggle. Further search revealed her body lying in some broom grass about fifty feet from the road.

Inquiry by the sheriff developed the fact that a young white boy had been seen near there, under suspicious circumstances. The sheriff located this boy about 7 p. m. at his home in bed. He was taken into custody and an examination showed blood on his clothing and a knife wound on his right hand.

A bloody pocket knife was found in his bed with a bent over point. The boy was quickly taken to the county jail and a further investigation made. A pair of his shoes were found which matched the tracks and one of the knife blows had struck a steel corset stay which matched with the bent over point of the knife blade. There were over sixty wounds on the body of the girl, above the waist, and it has not been proven that she was criminally assaulted. Most of the wounds were on the back, but several fatal ones were made in the left breast.

FAIREXCHANGE

A New Back for an Old One. How it Can be Done in Palatka.

The back aches at times with a dull, indescribable feeling, making you weary and restless; pinching pains shoot across the region of the kidneys, and again the loins are so lame to stoop in any way. No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Palatka residents would do well to profit by the following example.

Mrs. W. H. Rowe, 34 Weedan St., St. Augustine, Fla., says: "I am an excellent remedy for kidney trouble. I suffered from kidney and bladder complaint for some time, the kidney secretions passing too frequently. Backaches and pains in my kidneys kept me in almost constant misery and at times I became so weak that I could hardly attend to my household work. It was hard for me to stoop and if I did succeed in doing so, it was almost impossible for me to straighten. Doan's Kidney Pills banished the pains and restored my kidneys to a normal condition. I feel much better in every way at present and I give Doan's Kidney Pills the credit."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

HEALTH IS YOUTH.

Disease and Sickness Bring Old Age. Herbine, taken every morning before breakfast, will keep you in robust health, fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion.

Wouldn't Eat Him. The Tramp—Kind lady, would you please give a poor man a bite to eat?

The Lady—What? You here again? I will call my husband immediately. "Pardon me, madam. You would make a charming widow, but I am no cannibal."

A Follower. Caller—The minister's son is following in the footsteps of that spend-thrift young Jinks.

Miss Prim—Isn't that scandalous? Caller—Hardly as bad as that. You see, he's a tailor and is just trying to collect his bill.

HAILET

had melancholy, probably caused by an inactive liver. A bad liver makes one cross and irritable, causes mental and physical depression and may result disastrously.

Ballard's Herbine is acknowledged to be the perfect liver regulator. If you're blue and out of sorts, get a bottle to day. A positive cure for bilious headache, Constipation, Chills and Fever and all liver complaints.

Sold by Ackerman-Stewart Drug Co. and J. H. Haughton.

Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, age rapidly, for suffering leaves its lasting marks on them.

Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.

TAKE CARDUI

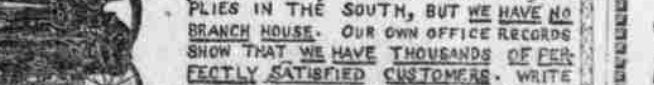

It Will Help You

Mrs. Katie Burlison, Goreville, Ill., tried Cardui and writes: "I suffered with female troubles, and was so sick I could not stand on my feet. Finally I began to take Cardui, and soon began to mend. Now I am able to do all my household work and am in much better health than I was before." Try it.

Give Your Land the Right Kind of Fertilizer—the Only Kind it Needs

When you feed your live stock you give the kind of food best adapted for the development of milk, meat or muscle, whichever is wanted.

When you fertilize your land you should be just as careful to use the plant food that is best adapted to give you quickly the quality and quantity of crop wanted.

It is just as necessary to have the right kind of fertilizer for the crops as it is important to have the proper feed for your stock.

We make a specialty of special fertilizers for special crops on special soils. No manufacturer can make one, or even two, brands of fertilizer suitable to all conditions of the soil, or conditions of the crops. Tell us the kind of soil and the kind of crops to be grown and we will tell you the kind of fertilizer to use.

E. O. PAINTER FERTILIZER CO.,
Jacksonville, Florida.

Our 1910 Florida Almanac tells a lot of things about Fertilizers and gives other information that you ought to know, besides the usual features found in reliable almanacs. It is free, and we want you to send your name and address for it.

Our Fertilizers are tried and crop-tested. We have had thirty years of active experience with Florida soil. One section's requirements may not fill the requirements of another, nor one crop that of another.

We are competent to mix a Fertilizer that you should use toward promoting the results you want—and why not make the dollars you spend go as far as they will, instead of buying a lot of material that may not be needed? When you buy a Fertilizer from us you buy one that is mixed for you.

No more backache from hauling heavy sacks across the car or platform. A free truck with purchase of a ton or more.
